

In 2016, JELF granted \$814,070 in interest-free loans for higher education to 220 Jewish students in need...
...and over \$10 million since 1961!

The average \$5,000 loan saves a borrower **up to \$2,670** in interest.

We are so proud that our recipients consistently maintain a 99% repayment rate and go on to become vital members of their Jewish communities.

A sincere THANK YOU to all our 2016 supporters!

With gratitude,
JELF's Board of Directors
