**JELF PROVIDES INTEREST-FREE
LOANS TO JEWISH STUDENTS IN
NEED ACROSS A FIVE-STATE REGION.**

The cost of college has steadily increased over the last 30 years. At JELF, we continue to believe that money should never stand in the way of a student obtaining higher education.

Another year in the books. And what a year it was as JELF continued to support Jewish students facing ever-increasing costs for higher education!

We set our sights high in 2022, but with the help of hundreds of financial supporters and scores of volunteers, we were able to meet and exceed many of our goals. The details can be found in the pages of this Annual Report, but the biggest thing that stands out is that JELF was able to help 396 students along their educational journey, with \$1.9 million in 0% interest loans.

While we are proud of the incredible impact JELF continues to have on the lives of so many students and families, our excitement is tempered by knowing that we were not able to meet student demand. In fact, when all was said and done, a gap of more than \$500,000 remained.

But we are not deterred, because we believe in the generosity of the Jewish communities that we serve. When we tell the JELF story, support follows. So, as you review this Annual Report, please let us know if there are students, community influencers or potential donors who would benefit from knowing about JELF's mission. We'll be sure to follow up and continue to spread the word.

Thank you for your continued support of JELF and the students we serve.

JELF SPOTLIGHT

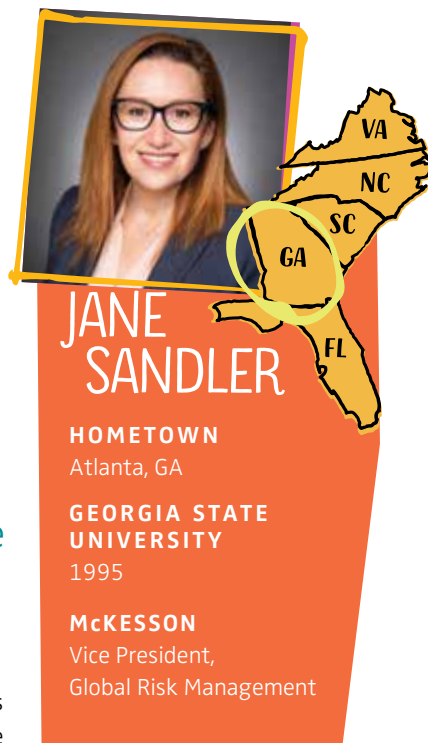

“JELF taught me early on about the value of resourcefulness in pursuing your dreams. With scholarships not fully covering my tuition and books, being offered a 0% interest loan at that stage in my life was a true gift – providing the **peace of mind to focus on my studies** without worrying about finances. Additionally, JELF gave me the confidence that my community is behind me, supporting me!”

AT 17 YEARS OLD, Jane lived in Atlanta with her family of six in a two-bedroom apartment on Buford Highway. They had recently fled the Ukraine with an allowed \$100 / family member. As refugees, Jane’s parents accepted minimum wage jobs and were not able to help with college. When the time came, Jane was provided a JELF interest-free loan to attend Georgia State University (GSU) where she studied Risk Management.

Today, Jane is a Vice President of Global Risk Management at McKesson, a global Fortune 500 company in the healthcare and technology space. In 2020, she was

inducted into the prestigious industry Risk Manager of the Year Honor Roll. In 2021 her team was recognized as Risk Management Team of the Year. She was awarded a Risk Science and Insurance Industry Leadership Award in 2016 by GSU, where she also serves on the Risk Management Foundation's Board of Trustees.

Jane first became involved in JELF in 2016 and has since attended events, joined JELF's Board and Alumni Committee and generously gives back each year. Jane lives in Atlanta with her husband and two children.
